Aspiring full-stack developer with hands-on experience building web applications using React.js, Node.js, Express.js, and RESTful APIs. AWS Certified Solutions Architect Associate with experience in deploying applications on AWS (EC2, S3, RDS) and working with Docker-based environments. Strong understanding of backend development, API integration, and database management (SQL/NoSQL). Familiar with writing clean, maintainable code following MVC principles and basic OOP concepts. Passionate about building scalable systems, data-driven applications, and continuously learning modern full-stack technologies.

PROJECTS

Portfolio Website (*React, Docker, CI/CD*) [Live Demo](#)

- Personal portfolio website with Dockerized React app using multi-stage builds
- Automated CI/CD pipeline using GitHub Actions for zero-downtime deployments
- Deployed on AWS EC2 with nginx reverse proxy

Sales Dashboard (*React, Node.js, Express, MongoDB*) [GitHub](#)

- Built a responsive sales dashboard to present business insights through interactive charts and visual components
- Developed modular and reusable UI components for scalability and maintainability
- Integrated RESTful APIs for dynamic data rendering and real-time updates
- Focused on clean UI/UX design to enhance usability and data interpretation

GrocerAI (*React, Node.js/Express, PostgreSQL*) [GitHub](#)

- AI-powered grocery platform with intelligent meal planner and chatbot for product search
- Deployed on AWS infrastructure (EC2, S3, RDS) with automated CI/CD workflows
- Built vendor dashboard with live analytics and secure JWT authentication

EDUCATION

University of Bedfordshire (2023-2026)

Bachelor of Science in Software Engineering-Final Semester

Rehdon College (2019-2021)

Nepal Education Board (GPA: 3.53)

Skills & CERTIFICATIONS

Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL, PostgreSQL, Firebase

Cloud & DevOps: AWS (EC2, S3, RDS, Lambda, IAM), CI/CD fundamentals, Kubernetes (learning)

Tools: Git, GitHub, Postman, VS Code, Figma

Others: Responsive Web Design, API Integration, JWT Authentication, MVC Architecture, OAuth

AWS Certified Solutions Architect – Associate (Amazon Web Services)

CCNAv7: Introduction to Networks (Cisco Networking Academy)
